- **Hot spot 2:** Grab 6-seater contracted -38% (RM 17.3k to RM 10.7k), reflecting lower urban group travel.

2. South

- **Bright spot 1:** Grab Premium grew strongly (+372%, RM 5.7k to RM 26.9k) and Grab Executive rose +302%, driving premium fleet expansion.
- **Bright spot 2:** Grab Plus expanded +55% (RM 26.7k to RM 41.5k), serving as the region's largest volume backbone (RM 342.2k total).
- **Hot spot 1:** JustGrab remained almost flat (+0.5%), indicating stagnation in standard mass-market rides.
- **Hot spot 2:** Grab Saver contracted -13% (RM 14.1k to RM 12.3k), showing budget volume erosion.

3. East Coast

- **Bright spot 1:** JustGrab is the strongest service, generating approximately RM374K, the highest service revenue in the region.
- **Bright spot 2:** Grab Plus grew 60%, while JustGrab also increased approximately 41% from 2022 Q1 to 2024 Q2.
- **Hot spot 1:** 6-seater sales declined 29%, indicating weakening demand for the service.
- **Hot spot 2:** No Grab Executive sales were recorded, suggesting an untested opportunity for premium-service expansion.

4. Sabah/Sarawak

- **Bright spot 1:** Grab Premium grew approximately 30%, indicating some potential for higher-value services.
- **Bright spot 2:** JustGrab and Grab Plus remain the region's largest revenue contributors, providing a strong base for recovery.
- **Hot spot 1:** Overall regional sales declined 16.66%, from RM104.7K to RM87.3K between 2022 Q1 and 2024 Q2.
- **Hot spot 2:** Grab Saver declined 45% and 6-seater declined 30%, contributing to the region's weak performance.

RECOMMENDATIONS

A. Summary of Context of Analysis

Quarterly revenue has hit a plateau at ~RM 501k–RM 503k.

To restart growth, Grab needs regional strategies that match product offerings to local commuter patterns, corporate travel needs, and tourist routes.

B. Summary of Key Growth Opportunities

- **Central:** Corporate commuter lock-in through monthly passes.
- **South:** Tourist mobility passes and cross-border transit options.
- **East Coast:** Merchant-subsidized shopping trips and dynamic shared rides.
- **Sabah/Sarawak:** Scheduled intercity transit routes combined with parcel delivery.

C. Deep Dive into Each Opportunity

1) Recommendation 1: Daily Commuter Subscriptions & Corporate Passes

- **Supporting Insights:** Central drives RM 490.2k across Grab Executive and Grab Premium (71.9% of national total), showing clear demand from business users.
- **Target Audience:** High-income commuters, corporate professionals, daily commuters
- **Core Business Tiers:** Grab Executive, Grab Premium, Express Subscriptions.
- **Recommended Business Actions:**
 - Launch "**GrabExec Subscription Pass**" providing flat monthly rates for daily corporate trips in Central Region.
 - Prebooked schedule for upcoming business trip

2) Recommendation 2: Tourist Mobility Passes & Cross-Border Bundles

- **Supporting Insights:** South region growth (+44.05%) is driven by surging Grab Premium demand alongside strong, consistent group transit in Grab Plus (RM 342.2k) and Grab 6-seater (RM 190.7k).
- **Target Audience:** Weekend cross-border travelers from Singapore, leisure tourists, and family groups traveling together.
- **Core Business Tiers:** Grab Premium, Grab 6-seater, Grab Plus, Tourist Pass Products.
- **Recommended Business Actions:**
 - Work with tourism boards in South to offer "**Grab Tourist Unlimited**" 3-day sight-seeing passes.
 - Build seamless cross-border shuttle pass options in Johor linked directly with RTS Link arrival points for incoming cross-border commuters.

3) Recommendation 3: Merchant-Subsidized Rides & Carpooling (East Coast)

• Support Insight Box (Top Callout):
East Coast revenue relies heavily on budget tiers (RM 627.9k from JustGrab & Grab Saver), but Grab Executive sales remain at zero (RM 0.00).

- **Target Audience Box:** Students, budget travelers, local daily commuters.
- **Core Business Tiers Tag:** GrabShare 2.0 | Merchant-Funded Rides | Grab Saver
- **Recommended Action Box:**

Launch **GrabShare 2.0** around high-density university areas (e.g., UMP, UMT) with carpooling to lower travel costs for price-sensitive commuters.

Introduce **Merchant-Subsidized Rides** in partnership with major shopping malls (e.g., East Coast Mall) offering ride rebates.

4) Recommendation 4: Intercity Route Network (Sabah / Sarawak)

- **Support Insight:**

Sabah/Sarawak is our only shrinking region (-16.66%), where Grab Saver dropped by -45% and Grab 6-Seater dropped by -30% due to driver supply constraints on long-distance routes.

- **Target Audience:**

Intercity commuters, cross-district workers, long-distance travelers, and multi-passenger groups.

- **Core Business Tiers**

GrabIntercity

- **Recommended Action Box:**

Roll out scheduled GrabIntercity routes connecting key urban-to-town corridors (e.g., Kuching ↔ Serian, Kota Kinabalu ↔ Tuaran/Ranau).

Pair intercity routes with smart carpooling options, allowing multi-passenger pickups on GrabIntercity heading to the same regional destinations to optimize driver earnings and rider affordability.
